WITH SILVER JUBILEE CELEBRATION OF GOGS

6th and 7th February 2027 **Apparel House, Gurugram**

Organized by: Gurgaon Obstetrics & Gynaecological Society

Theme : Core Concepts of PMOS at Every Stage of Life
Adding Health to Every Moment

INVITATION

Dear Esteemed Colleagues,

Warm greetings from the **Gurgaon Obstetrics & Gynecological Society!**

We are delighted to invite you to the **PMOS SUMMIT 2027 — Presidential Conference & Silver Jubilee Conference on 6–7 February 2027 at Apparel House, Gurugram.**

As our understanding of PCOS evolves into the broader concept of **Polyendocrine Metabolic Ovarian Syndrome (PMOS),** recognising its complex endocrine and metabolic dimensions becomes essential to comprehensive healthcare.

This academic summit will take you on a fascinating journey through the life course of PMOS—from its origins before conception and early developmental influences to **childhood, adolescence, reproductive life, pregnancy and postpartum health, menopause and beyond.**

The scientific deliberations will explore:

* The genesis of PMOS, epigenetics and transgenerational effects
* Childhood and adolescent onset, mind–body health and body image
* Endocrine dysfunction and cardiometabolic comorbidities
* Infertility and reproductive challenges
* Pregnancy, postpartum health and long-term metabolic consequences
* Menopausal implications and potential oncological risks
* Opportunities for early intervention, prevention and comprehensive management

Our endeavour is to bring together leading experts and clinicians for an enriching exchange of knowledge, evidence-based practices and innovative approaches to the prevention and management of PMOS throughout a woman's life.

We warmly invite you to join us for this prestigious academic gathering and contribute to our shared vision of prevention, early intervention and lifelong health for women.

Core Concepts of PMOS at Every Stage of Life — Adding Health Every Moment.

We look forward to welcoming you to Gurugram for an inspiring academic experience!

With warm regards,
